

TRAIN HIT AUTO; 1 DEAD, 5 HURT

Locomotive Runs Down Big Machine, Killing Frank B. Read and Cutting Off Young Woman's Leg.

RAILROAD BLAMED FOR ACCIDENT BY CORONER.

He Says Company Had Been Notified to Take Extra Precautions at the Crossing, but Warning Was Unheeded.

As the result of the worst automobile accident that has ever occurred in New York:

Frank B. Read is dead at his home in the Hotel Endicott.

Miss Margaret Noakes, a beautiful young girl of sixteen, is in Fordham Hospital with one leg cut off, with bruises about her face and body, but with fair chances of recovery.

George Noakes, father of Margaret, of No. 413 Riverside Drive, is at his home with bruises and cuts about his body and head.

Mrs. Noakes is badly bruised and cut and is suffering from shock.

John Spencer, a negro and chauffeur for the Noakeses, is in St. Joseph's Hospital, Yonkers, and his injuries are such that the physicians say he will die.

George Noakes, a boy of six, is badly injured.

The accident occurred at the Van Cortlandt Park crossing of the Putnam Division of the New York Central Railroad, a train on the road hitting the big machine and dragging the occupants along the track. The accident was witnessed by hundreds of pleasure seekers in the park who stood frozen at the sight—one never to be forgotten.

Mr. Noakes and his party had been touring all of Sunday through the park in a car owned by Mr. Noakes who, with his wife and two children, were on the rear seat, while Mr. Read was on the seat with Spencer, the chauffeur.

The party was headed for home when the accident occurred.

The engine struck the auto almost in the center and Mr. Read seemed to get the full force of the blow. He was picked up by the cow-catcher and carried along to the water tank, where the train finally came to a stop.

Mr. and Mrs. Noakes and their son were tossed to one side, but Miss Noakes was run over, as was Spencer.

Mr. Read was thirty-five years old. For the last two years he had been living at the Endicott Hotel.

Coroner William J. O'Gorman viewed the scene of the accident and notified the police to secure every available witness. The coroner continued his investigation until a late hour. Seen at his residence, No. 155 East One Hundred and Thirty-third street, by an Evening World reporter, Coroner O'Gorman made the unqualified statement that the railroad company was entirely to blame for the accident.

MINERS IN CONVENTION.

Operators Invited to Meet Them to Fix the Wage Scale.

BIRMINGHAM, Ala., June 12.—The annual wage scale convention of the United Mine Workers of America, District of Alabama, began here today, with about 125 delegates present, representing over 12,000 union miners in this State.

The present wage contract, which is the result of the deliberations of the Arbitration Board, of which Judge George Gray, of Delaware, was Chairman, and which fixed the scale last August, expires on June 30.

After the election of officers the question of a new contract will be submitted to the State Committee. The operators in a joint conference on Monday next, three or five years' contract is desired by the majority, and an amicable settlement is expected to be reached.

Seven persons were injured in a collision between two trolley cars of the Coney Island and Brooklyn Company in Coney Island avenue, near Avenue P, to-day, one man being removed to the Kings County Hospital in a serious condition.

The crowds that had journeyed to Coney for Sunday were still filling the homeward-bound cars when car No. 327 of the De Kalb avenue line became stalled for some unknown reason on Coney Island avenue, near Avenue P.

The lights in car No. 329 were out, and car No. 327, of the Smith street line, which had been following close behind, crashed into it.

Both cars were filled with passengers and a panic followed the collision. Many of the passengers were cut by flying glass and several were injured in the mad scramble to get out.

An ambulance was summoned from Kings County Hospital and Dr. Hall responded. Those who were injured included:

Kate Shanahan, twenty years old, of No. 31 Fourth street, Brooklyn, lacerations of the head and body.

Mary Wood, thirty-five years old, No. 408 De Kalb avenue, Brooklyn, contusions of the head and body.

Mamie Connolly, twenty years old, No. 137 Hester street, Brooklyn, contusions of the head and body.

Samuel Silkowitz, twenty-seven years old, No. 181 Bloomer street, New York, contusions of the legs and body.

William Schriefer, twenty-four years, No. 289 Hall street, Brooklyn, contusions of the legs and back.

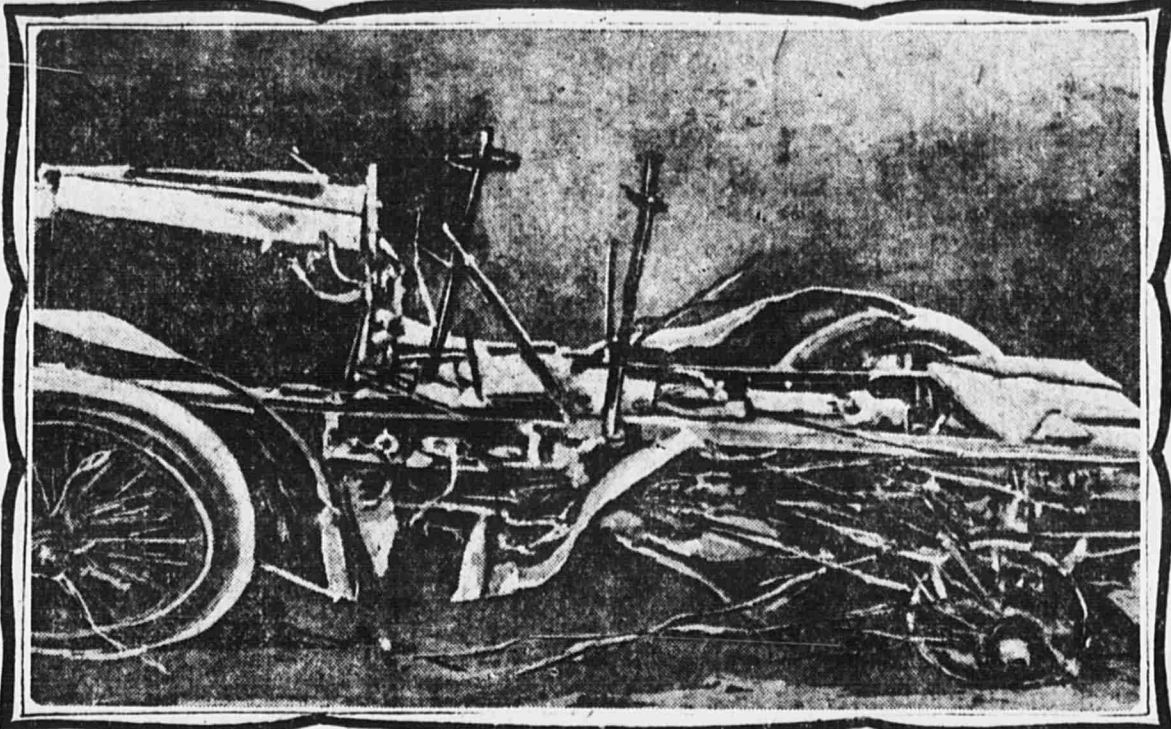

Catherine Higney, seventeen years, No. 427 Thirteenth avenue, Brooklyn, shock and hysteria.

Robert Davis, nineteen years, No. 1 Spencer place, Brooklyn, fracture of the right wrist.

Schriefer was taken to the hospital. The others were sent to their homes.

No reason for the stalling of the first car could be learned from the motorman or conductor.

WRECKED AUTOMOBILE, FRANK READ, KILLED, AND MARGARET NOAKES, WHOSE FOOT WAS CUT OFF.

MAN'S BODY FOUND IN RIVER.

Policeman Durham, of the harbor squad, found the nude body of a man in the water at Pier No. 14, North River this afternoon. There were no marks of violence apparent. It is the opinion of the police that the man was drowned while bathing off one of the piers.

ECZEMA SETS THE SKIN ON FIRE.

No disease causes so much bodily discomfort, or itches, burns and stings like Eczema. It begins often with a slight redness of the skin, followed by pustules or blisters from which a gummy, sticky fluid oozes, which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands, legs and face, and is a veritable torment, especially at night or when over-heated.

The cause of Eczema is a too acid condition of the blood. The terrifying, itching and burning are different kinds of blood medicine, but could not get relief. My leg was in a terrible condition when I started the use of S. S. S. Have taken several bottles and now there is not a spot on my leg or any other part of my body.

F. D. FLANNERY, 2801 Thomas St., St. Louis, Mo.

I suffered with Chronic Eczema for over fifteen years, and spent a great deal of money trying to get cured. Used salves and washes and different kinds of blood medicine, but could not get relief. My leg was in a terrible condition when I started the use of S. S. S. Have taken several bottles and now there is not a spot on my leg or any other part of my body.

The parade of the riflemen, which is one of the principal features of the Fourth National Shooting Festival, now being held in Hoboken, took place to-day, and from every viewpoint it was a success.
